

# The Comfort Combination

*The Comfort Combination is the key to unlock maximum comfort in each room of your home. The combination of these keys will unlock your room's maximum functionality, beauty and style, by identifying the activity zones within the room, the needed storage, removing comfort obstructions and adding in your style.*

## Sandra's "COMFORT" Combination

Great layout creates activity zones, ample storage and follows design standards to avoid layout mistakes using the comfort obstructions checklist and then add in your own signature style.
